Accessible Accessories offers you the ability to “Link” your Accessible Accessories Website to your Dealership’s Website.

Now your customers will be able to shop your accessories from home - create a quote and print, email or fax it to your Dealership! You may even want to try and combine the link with an “online or web customer discount offer” to encourage new found business. You can also choose to be notified by email to multiple addresses the moment a web customer has created a quote.

We are excited about the Weblink feature, if you want more information or are interested in signing up, please contact us at your convenience.
